

# Notice: TURTLE SURVEYS

## Who?

The Saskatchewan Conservation Data Centre (SKCDC) is an organization focused on dealing with information on biological diversity in Saskatchewan. For more information about us, please visit: [www.biodiversity.sk.ca](http://www.biodiversity.sk.ca).

## What?

SKCDC staff will be surveying on foot or by canoe along the Qu'Appelle and Souris River looking for western painted turtles and snapping turtles in areas with suitable habitat.

## Where & When?

We will be doing surveys along the Qu'Appelle River and Souris River, June 11-18, 2015.

## Why?

Our goal is to collect observations of turtles to better understand their distribution in Saskatchewan.

If you have any observations of turtles, wildlife or plant species of concern, please contact us via email at:
